Dear Friends,

To Boldly Go. This is the title of UC Davis’ Strategic Plan. I have a hard copy of the document in front of me daily as a reminder (along with copies of the Diversity and Inclusion Strategic Vision and the HSI Taskforce Report). I’ve been pondering this charge ... “To Boldly Go” for a few weeks, and have been thinking about how we as a campus can really “Go Boldly.”

Goal 3 of the Strategic Plan notes that we will “Embrace diversity, practice inclusive excellence and strive for equity.” In light of the current unrest, I’ve been pleased to see ~40 ally statements from various UC Davis departments, schools, colleges, labs, and units on campus that denounced the killings of George Floyd, Ahmaud Arbery, Breonna Taylor, Stephon Clark, and too many others. Many statements acknowledged that racism, in all of its ugliness, is unfortunately still alive. Acknowledgement is a key step! Letters also discussed commitments to be firmly anti-racist, discussed amplification of Black Voices, and shared snippets of plans of actions. There are many examples, but a few include the Manetti Shrem Museum’s commitment to take us up on our charge to “Reflect, Learn, Plan, and Act,” the College of Biological Sciences’ amplification of the voices of Black faculty by featuring CAMPOS Scholars Professor Crystal Rogers and Professor Wilisaan Joiner (who are affiliated with the School of Veterinary Medicine and the School of Medicine, respectively), and the History Department’s list of resources which includes a link to the 1619 Project that discusses the history of enslaving Black people on American soil. Histories are important.

Last week, we celebrated Juneteenth and UC Davis Historians Professor Justin Leroy and Professor Gregory Downs discussed how sustained slavery lasted beyond the Emancipation Proclamation. Professor Maisha T. Winn and Professor Lawrence “Torry” Winn discuss the importance of understanding both histories and futures in segments of their work within the Transformative Justice in Education Center in the School of Education. Examining history is powerful, and it is needed, as we plan for a stronger future.

In the coming weeks, we will be moving from Ally Statements to inviting submission of Action Plans. Several letters and Ally Statements on the Resources for Racial Trauma website have early plans embedded within the paragraphs, and we will be extracting those and highlighting them on a new section of our DEI website. DEI will be developing a toolbox of resources to assist with these plans, and share ways to meet the goals set forth by the Diversity and Inclusion Strategic Vision. I extend thanks to Dean Rao Unnava and Elizabeth Moon in the Graduate School of Management (GSM) for their invitation to participate in last week’s “Call to Action” design-thinking session, complete with breakout rooms and interactive documentation. The GSM’s faculty, staff, and students took the lead to ask tough questions about how they are addressing racism and how they can make improvements. The most poignant part of the session for me was when one of the members of this new GSM “Action for Diversity” Community Group, said that all could benefit from sitting in the discomfort of the "uncomfortable reckoning.” If I’d seen this comment on Twitter, I would have replied with a finger emoji that points to the comment, and a single word: “This.” This uncomfortable reckoning is necessary, and it is part of going boldly! As we sit with discomfort, and go boldly, we also have to take care to not cause more harm along the way. Please be proactive in making mental health resources available to faculty, staff, and students. Thank you to all of the units that are providing mental health services, and to departments and units that see needs for additional services and are taking the initiative to provide them.
As we seek to be anti-racist, and to carry out the mission of Goal 3 in "To Boldly Go," we must be led by our values, and continue to stand against discrimination. DEI’s Stance on support for DACA notes that the fight continues. The Supreme Court’s decision for Bostock v. Clayton County, Georgia, notes that: An employer who fires an individual merely for being gay or transgender violates Title VII of the Civil Rights Act of 1964— is certainly a "no-brainer." Further, upstanding against attacks on Asian communities must continue, as bigotry related to COVID-19 has not ended.

This summer, we will be working with and for you. We will be working with King Hall’s Dean Kevin Johnson (School of Law) on a transparent process for the Campus Safety taskforce which will convene its first meeting on July 27, 2020. Plans for the taskforce include a close examination of histories, both at UC Davis and within the US. We will not take a break, as we will continue to publish this DEI “For Your Information” newsletter every two weeks (look for it every other Thursday). We’ll also be updating our DEI website so that we can share items such as an updated diversity data dashboards for our schools and colleges, highlights for the Administrative Advisory Committees (AACs) and Employee Resource Groups (ERGs) on both the Davis and Sacramento campuses (e.g., the African-American Faculty and Staff Associations - AAFSA), attention to items brought forward by the new UC Davis Native American and Indigenous Advisory Committee (NAIAC), and more.

In “new and good news,” We congratulate and welcome the School of Nursing’s new (and 1st!) Associate Dean for Health Equity, Diversity, and Inclusion – Congratulations Dr. Kupiri “Piri” Ackerman-Barger!

We also bid a fond farewell and our very best wishes to long-time DEI advocate and Executive Assistant Linda Mijangos on her retirement, and to AVC Raquel Aldana who is transitioning from her administrative role to King Hall for a 100% faculty appointment as Professor of Law.

Finally, as cases of COVID-19 continue to climb in California and across the country, we note that health and safety in this pandemic are paramount, ask that you be diligent with wearing your face coverings, and practice safe physical distancing in public.

Thank you for your support, and thank you for the work that you are either doing, or planning to do – in the midst of conducting and providing stellar research, teaching, programming, and services. Thank you for sitting with the reckoning, acknowledging the pain, providing resources for healing, examining histories, and boldly planning our UC Davis future with action-oriented commitments to diversity, real equity, to true inclusion.

Kind Regards,

Renetta G. Tull, Vice Chancellor

Linda Mijangos Retires
Thank you Linda for your decades of expertise and devotion to UC Davis. We hope your retirement is as successful as your career!

Raquel Aldana Returns to Law School Faculty
After three unrelenting years of helping the university fulfill its mission as Associate Vice Chancellor for Academic Diversity, Raquel will now bring that same energy to her classroom and research.

Racial Trauma Resources
A culmination of many stressors, including ongoing racism leading to the disproportionate loss of lives of people of color across America, has left our community traumatized and seeking answers. At UC Davis, we affirm our support for Black lives, acknowledge racism and connect with a shared commitment to address it.
The office of Diversity, Equity & Inclusion has created a website with resources to support our community as we continue to find ways to build and strengthen our diverse culture at UC Davis. Learn More

Film Screening - Race the Power of an Illusion
Description: The division of the world's peoples into distinct groups - "red," "black," "white" or "yellow" peoples - has become so deeply imbedded in our psyches, so widely accepted, many would promptly dismiss as crazy any suggestion of its falsity. Yet, that's exactly what this provocative, new three-hour series by California Newsreel claims. Race, the Power of an Illusion questions the very idea of race as innate biology. Yet race still matters. Just because race does not exist in biology does not mean it is not very real, helping shape life chances and opportunities.
  - The Difference Between Us (Episode 1) – July 16th, 11am-12:15pm • Registration Link
  - The Story We Tell (Episode 2) – July 22nd, 11am-12:15pm • Registration Link

Call for Nominations: 2021-2022 Campus Community Book Project (CCBP)

The Campus Council on Community and Diversity (CCC&D) invites all members of the campus and greater community to nominate books related to the topic of “social justice in practice” for the 2021-2022 Campus Community Book Project (CCBP). As an educational institution, we endeavor to explore and engage thoughtfully about issues that impact our lives, directly and indirectly, with the goal of building a community that promotes diversity. You can read more about the 2021-2022 call for book nominations at here.

The Campus Community Book Project aims to foster dialogue among students, faculty, staff, and residents of the surrounding areas about important social issues. It also promotes learning about varied perspectives and ideas concerning the chosen topic.

We welcome nominations of books that meet the following criteria:

- Compelling and thought-provoking to engage us in dialogue about contemporary controversial issues and to raise questions that have many possible answers.
- Well-written, accessible, and engaging to a general audience.
- Short enough to be read within the time frame usually allotted for coursework.
• Provocative and intriguing to as many members of the community as possible, to invite diverse participation and integration into discussion groups and courses across disciplines.

• Written by someone who is still living.

• Author is a guest to the campus.

Any published work that is still in print in paperback – including non-fiction work, plays, novels, collections of short stories or essays – is eligible. An additional consideration for the recommended title is that the book’s author will be available to speak as part of the Mondavi Center’s Speakers Series for the 2021-2022 season.

To make a nomination or if you’re interested in serving on the CCBP Selection Committee, contact Sunny Dosanjh at ssdosanjh@ucdavis.edu. Please include the book’s title and author, plus a short description and explanation of why the nominated title complements the topic and represents a worthy selection. The CCBP Selection Committee will begin reviewing nominations in late July, so recommendations are requested by July 24, 2020.

The committee meets through the summer and more frequently in the fall as it proceeds to final selection. For more information about the book project and past selections, please visit the CCBP website at http://ccbp.ucdavis.edu/.

The Campus Community Book Project is sponsored by Campus Community Relations in the Vice Chancellor's Office of Diversity, Equity and Inclusion, the Campus Council on Community and Diversity, and the Offices of the Chancellor and Provost.

Research demonstrates that faculty of color in historically white institutions experience higher levels of discrimination, cultural taxation, and emotional labor than their white colleagues. Despite efforts to recruit minority faculty, all of these factors undermine their scholarship, pedagogy, social experiences, promotion and retention. This edited volume builds upon the existing research on faculty of color, however, it also departs from the existing literature and unravels the socio-emotional experiences of being in front of the classroom, in labs, and in the Ivory Tower for faculty who are in multiple racialized social locations.
